

NEW FALL WOOLENS

Real \$25 to \$30 SUITS TO YOUR ORDER

Right now, when nearly every ready-made store in town is slashing prices in order to get rid of Spring and Summer left-overs which are already out of date, the Scotch Woolen Mills are the first to announce advance styles of Fall and Winter suitings, tailored to your measure \$15—all new woolens fresh from the mills.

Do you see any good reason for buying ready-made "guess fits" which have to be cut all to pieces and altered in order to NEARLY fit, when for the same price or less you can have a suit tailored especially for YOU, made from cloth of your own selection in any style of TODAY, not six months ago? THINK IT OVER.

BURT GOES OUT

Other K. S. A. C. Doctors Sent
to Study Horse Disease.

No Clue to Identity of Baffling
Malady Found.

Manhattan, Kan., Aug. 30.—The mysterious disease which is killing hundreds of horses in western Kansas now has the attention of six expert veterinarians from the Kansas Agricultural college. In answer to urgent calls from many western counties the veterinary department has sent all its available physicians to study the disease and give all the immediate treatment possible. Dr. T. P. Haslam left today for Hoxie, taking with him a small laboratory equipment with which to study the disease. Dr. J. H. Burt went to Wakarusa, where, as one farmer wrote, "Horses are dying like poisoned flies." Four other physicians from the college staff already are in the field.

"It's one of the most baffling diseases we ever have had to deal with," said Dr. Burton Rogers, who was the only physician left at the veterinary department. "We are giving all the attention possible to the disease and hope within the next few days to know more about it. It seems to be a disease which affects the nerves and muscles of the animals, finally paralyzing them. It's possible that it may be cerebro-spinal meningitis, but we are not ready yet to call it that. Just as soon as we know more about it we will begin experiments to find a serum that will prevent or cure it. In the meantime we can only treat the best we know how and study the disease."

"We have been besieged with letters and telegrams this week from farmers and veterinarians as well asking for help in combating the disease. Several kinds of weeds have been sent to us for inspection by farmers who believe they contain poisons of some sort. Others have sent ticks and bugs found on dead animals. From none of these have we obtained so much as a clue to the identity of the disease."

Dr. Burt, who was here for a while this morning, believes that the trouble comes either from the feed or the water the horses get. He was in consultation with J. H. Yoder, state veterinary live stock commissioner, at Topeka. It was decided to ask veterinarians in eastern counties to give assistance in the western section where veterinarians are scarce. It also was agreed that the transient veterinarians who are taking advantage of the situation by collecting large fees for alleged "cures" should be prosecuted.

FEAR WE WILL GET GAS.

Oklahoma Concern Seeks to Secure
Permanent Supply.

Muskogee, Ok., Aug. 30.—A suit, which will have an important bearing on the natural gas supply of Kansas City, Topeka and Wichita, was filed here by the Lanyon-Starr Smelting company, of Bartlesville. The smelting company seeks a permanent injunction to prevent the Henry Oil company and the Henry Gas company from selling natural gas to the Kansas Natural Gas company until they have furnished the smelting company and two other companies 15 million feet of gas daily as per a present contract.

It is charged there is a movement on the part of the producers to sell their output to the Kansas company because they can get a better rate from it than their contract price with the Oklahoma companies.

TO TOUR STATE IN AUTO.

Woman Will Burn Gasoline to Get
Votes.

Kansas City, Aug. 30.—A motor car tour through Kansas in the interest of equal suffrage will be taken by Mrs. Clerk Berwick Colby, lecturer, suffrage worker and publisher of Portland, Ore. She will devote herself to this campaign all of next month.

The trip will start September 2 in Kansas City, Kan., where she will speak at a big Labor day picnic. Tuesday morning Mrs. Colby will be escorted to Leavenworth by the suffrage association of Kansas City, Kan. 25 motor cars being in line. Mrs. Colby will speak at Leavenworth and from there will be taken to her next stopping place by the suffrage association of Leavenworth. She will tour the state in that manner.

BIPLANE INJURES THREE.

Farmer Caught Beneath Machine,
Man Dies.

Augusta, Kan., Aug. 30.—Harvey Arnold, a farmer, was probably fatally injured and three other persons were hurt when a biplane, driven by James Walsh, an aviator, struck a fence while Walsh was attempting to make a landing in semidarkness here late Thursday. Walsh was uninjured, but his plane was wrecked.

Walsh had flown from Wichita, a distance of 35 miles. Although it was almost dark, the aviator arose for an exhibition flight. As the plane swept into the air, Sam Purnell, a farmer, ran in front of it and was knocked down. Although the plane tilted badly, Walsh continued his flight. In descending, however, the aviator could not see the fence around the field and his machine crashed into it, with Arnold underneath.

PERRY HAS ELECTRIC LIGHTS.

Twenty-Four Hour Service Is Given by
Municipal Plant.

Perry, Kan., Aug. 30.—Perry's \$5,000 municipal electric light plant has just made its first 24 hour run. This is the only town of its size in Kansas that gives both day and night service to the citizens. Current is furnished for heat and power and is supplied to the stores, residences, and street lights.

Prof. George C. Shad, head of the department of electrical engineering at the University of Kansas, was the city's consulting engineer when the plant was built.

The plant is equipped with a chloride accumulation storage battery in addition to the generator unit and distillation oil engine.

CREECH LEAVES NEGRESS \$10,000.

Servant Remembered by Banker for
Whose Family She Worked.

Pratt, Kan., Aug. 30.—Mrs. I. B. Birkins, a negro woman of this city, was left \$10,000 in the will of J. W. Creech, a banker of Herington, who died August 2.

Mrs. Birkins was an orphan child, 3 years old, when the Creech family took her to rear. They had no children of their own. She lived with the Creech family nearly 24 years.

Watch Out.—It might be well to remember that every man you deal with is looking for the best of it.—Boston Transcript.

STORE CLOSED ALL DAY MONDAY, LABOR DAY

Women Interested In New Fall Waists

can buy them tomorrow
at unusual savings

They are all from the Marquise factory—a make of waists perfectly familiar to all of the good dressers of Topeka.

They are brand new styles made up for the Fall 1912 trade. The saving to you of a full THIRD of what they are worth comes about simply because of the makers decision to retire from business. It's the sort of an opportunity that seldom comes at the very beginning of a new season.

Included are:

Beautiful waists in Chiffon, Crepe de Chine and Lace in white, cream, navy, tan, gray, brown and black; also handsome waists in black navy, gray and Copenhagen Messalines and Taffetas. Some are plain tailored while others are most tastefully trimmed in accordance with the newest ideas of fashion.

Waists worth regularly \$5.00 are offered at.....	\$ 3.33
Waists worth regularly 6.00 are offered at.....	4.00
Waists worth regularly 6.50 are offered at.....	4.33
Waists worth regularly 7.50 are offered at.....	5.00
Waists worth regularly 8.00 are offered at.....	5.33
Waists worth regularly 8.75 are offered at.....	5.83
Waists worth regularly 10.00 are offered at.....	6.67
Waists worth regularly 12.50 are offered at.....	8.33
Waists worth regularly 15.00 are offered at.....	10.00
Waists worth regularly 17.50 are offered at.....	11.67

The sizes include 36 and 38 only—but for the woman who wears either of these sizes there's a splendid bargain awaiting her.

New Fall Suits

New suits are arriving every day by express. And it is surprising how many people have already bought. The young lady about to leave for school is especially interested in this early showing which, by the way, includes models admirably suited for service of that sort. Inspection is invited no matter whether you are ready to purchase or not.

All Parasols—black and colors are now 1/2-Price

New Ribbon Neckwear for Fall

New kinds of ribbon neckwear for wear with either high or low neck waists and dresses. New styles and new colors are being shown at the Ribbon Counter at 25c and 50c each.

Men's Shirts and Drawers 26c

Men's Balbriggan Shirts and Drawers—long and short sleeve shirts and ankle length drawers. Second of a 50c quality. Imperfections are so slight as to be hardly noticeable in most instances. Will wear just as long as a perfect garment. Here Saturday each 26c

Toilet Goods Specials for Saturday

Read the State Journal.

It is one thing to make
soda crackers that are
occasionally good.

It is quite another thing
to make them so that
they are not only always
better than all other soda
crackers, but *always* of
unvarying goodness.

The name "Uneeda"—stamped
on every one of them—means
that if a million packages of
Uneeda Biscuit were placed
before you, you could choose
any one of them, confident
that every soda cracker in
that package would be as
good as the best Uneeda
Biscuit ever baked. Five cents.

NATIONAL BISCUIT COMPANY

Cattlemen Hold Picnic.
Jettmore, Kan., Aug. 30.—The eighth
annual roundup and picnic of the Cat-
tle Growers' association of Hodgeman
county was held here. A barbecued

beef was served for dinner in honor
of the citizens of the town, who cleared
the tracks of snow last winter to ad-
mit the trains bringing cattle feed. Ad-
dresses were made by Representative
George D. Martin and other cattle men.
